### STRANGE ADVICE!

Dr. C. G. Green gives alert personal attention to his great humanitarian contract.

Q In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of our 75-cent size bottle of German Syrup, to consult their doctor. Q We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. Q We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchitis or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. Q New 1-lb bottles, 25c; regular size, 75c. At all druggists.

# Furniture and Undertaking

I at all times am keeping a new line of Furniture, Wall Paper, Telescopes, window shades, Linoleum and Oil cloths. A fine line of Ingrain Carpets, samples Brussels, Moquette, and I make piles of Picture Frames.

Also my coffin and Undertaker's supplies are fine and a large line to pick from. I have robes and shoes, white hose. I have taken a thorough course in Embalming and will take good care of bodies and preserve them with fluid. I furnish Pictures enlarged and many other things.

### FUTURE PRICE OF CORN.

Writer in Kansas Paper Gives His Views

A writer in the Topeka Mail and Breeze gives his idea of the future price of corn as follows:

There is one question we hear asked whenever 2 or more men meet, more than any other or all others put together. It is, "what do you think corn is going to be worth by spring?" Who can tell?

No one can tell for sure, though there are some who think they can make a pretty shrewd guess. We have heard all kinds of prices named, from the low 20 cent figure up to the high 70 cent line. Never before have we known the "guessers" to be so far apart. This, however, is easily accounted for, as never before has the final outcome of the corn crop of the corn belt been so uncertain as late in the season. Neither has there been the great number of conflicting reports there has been this fall.

The other day we heard a prominent feeder of this section of the state say that he had given up all hopes of getting enough corn in his own locality to supply wants, and he was then thinking seriously of making contracts with Oklahoma men to furnish the corn he expected to feed between now and when another crop is matured. A few weeks ago he talked of being able to ship corn up from the south and the whole cost delivered anywhere south of the central line of Kansas would be no more than 35 cents a bushel, but we have heard since that he has changed this a little and concedes that it is going to cost 40 cents, anyway.

One thing we are all certain of, corn is not going to be cheap. What feeding there is done this winter had better be done in the most economical way possible. Not that this is not always the best way, but that, of all times, economy and close watching will pay better this season than any other.

We are not "guessing" on the future price of corn. We expect to have to buy some in order to "feed along" and "feed out" our stock we have, but we have done no "figuring on the corn."

### LETTER TO WEBB BROS.

Jasper Mo.

Gentlemen: Shuffert Hardware Co., Hickory, N. C., bought a carload of paint, after selling it a few months, found out it measured seven pints a "gallon." Returned it to the maker and credited customers with what they had lost from short measure.

What do you think of a short-measure paint? Don't you, think it hell white-wash? Half the paints are part white wash.

Go by the name: Devco lead-and-zinc. No whitening or clay in that full-measure besides. A gallon Devco is worth 2 of whitewash paint. Yours truly,

F. W. Devco & Co.

### THE POULTRY SHOW.

Promises To Big Event In That Line.

The premium list of the Poultry Show which is to be held at Carthage Nov. 22 to the 25th, is out and tells of the aim of the show as follows:

The purpose, object and aim of the Jasper County Poultry and Pet Stock Association is to extend the interest in better poultry and more of it. The possession and care of good poultry, like the possession and care of every other good thing, tends to better living, higher aims and more useful citizenship. The man or woman who finds satisfaction in having good horses, good cattle, good hogs, good corn, good wheat, good flowers and other productions of the best class, and will have no other, is nearly always a thrifty, ambitious and peaceable person. Such a person should no more be satisfied with a scrub hen than with a scrub cow. Our Association appeals for the support of all good people, should receive their support for the benefit it will be to the community, and will thankfully appreciate all assistance given it.

Speaking of this locality as an excellent place for the raising of fine poultry the catalogue continues:

"Here, especially, every circumstance to advantage for the production of fine poultry; climate, water and soil, all favorable, and it is only needed to arouse more interest, which is the object of this Association, to make this a section renowned for the quality and quantity of its standard bred and market poultry. In this connection we will call attention to the fact, as shown by the statistics, that this county is not up to one half of the average for the State production of market poultry and eggs."

### THE GOLD MEDALS ARRIVE.

The Badges of Honor to be Awarded at Coming Poultry Show.

The Jasper County Poultry and Pet Stock Association has just received the gold medals which are to be used in making awards at their coming poultry show to be held here November 22 and 23.

The medals are beautiful affairs, consisting of a bar carrying the pin, and a disk suspended from the bar by gold links. Each medal has an inscription showing the class to which it is awarded, followed by the words "Jasper county P. & P. S. A. 1904."

There will be 10 of these medals to be awarded, including one for cock, one for hen, one for hen, one for pullet, in each of the four grand classes of fowls: viz., Mediterranean, Asiatic, American and Lanthan.

A separate scheme from the medals will be followed in awarding ribbons and prize money to all breeds represented. Prizes.

### Cause Of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when buried beneath the skin as in the wounds caused by puncture from a nail or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lock jaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by Webb Bros.

### Many Mothers Of A Like Opinion.

Mrs. Plumer, of Cordova, Iowa, says: "One of my children was subject to croup of a severe type, and the giving of Chamberlain's Cough Remedy promptly, always brought relief. Many mothers in this neighborhood think the same as I do about this remedy and want no other kind for their children." For sale by Webb Bros.

### Broke Into His House.

S. LeQuinn, of Catechib, Vt., was robbed of his customary health by invasion of chronic constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure. 25c at Webb Bros.

### WEEKLY MARKET LETTER.

Interesting Stock News From Our Regular Correspondent.

### Special to Jasper News.

Kansas City, Mo., Tuesday, Oct. 11, 1904. The outlook today is for the biggest week's business of the season in the cattle yards. Cattle supply for two days is more than 45,000 head, which have been handled with a loss of 10 or 15 cents on beef steers, cows were strong yesterday, but are lower today, stockers and feeders steady to 15 cents lower. This just about places the market on the same basis as before the gains made last week. There has not been anything strictly dry lot offered either yesterday or today, and \$5.50 was the best price yesterday, and \$5.50 is the best today. Strictly choice beef steers would bring around \$6.00. Most of the grass steers that packers have bought were secured at \$3.25 to \$4.50. Dry lot steers will be scarce; but good heavy grass cows will bring \$2.00 to \$3.00, butchers on up to \$3.75. The demand from packers for canners is the best of the season just now, and prices are the highest, at \$1.75 to \$2.25. Good to choice discolored native feeders bring \$4.75 to 4.25, plain, mixed steers and branded westerns \$3.00 to \$3.50 and off color and rough stuff can be secured below \$5.00 stock cattle will come below this range. Such calves \$2.75 to \$3.00, stock cows and heifers and feeding bull \$2.00 to \$2.75, somewhat higher than a week or 2 ago. Cattle runs this week and next are expected to be at a maximum, but after that moderate receipts will result in stronger prices.

The hog market for the past week has been very unsatisfactory for several reasons. The price has steadily declined, slowly on good heavy weights, but rapidly on medium and light weights, especially as the latter class have included a great many grassy animals, very undesirable from a packing standpoint. Market is 5 to 10 cents lower today, with the best heavy hogs selling at \$5.65 to \$5.70, medium weights at \$5.50 to \$5.65, and lights and pigs on up to \$5.25.

The packer buyers are taking good receipts, as markets have been steady to strong several weeks past, although the run have been large. That part of the stuff that is not suitable for the packers is readily taken by country buyers at steady prices.

### Better Than Piles.

The question has been asked: In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and flow pills? Our answer is: They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25c per bottle by Webb Bros.
